

Katie Bold
The Great Lake Centre
Story Place
Taupo

17th June 2008

To Whom It May Concern:

Senjo Security have been employed and contracted by the Great Lake Centre on an ongoing basis. Their standard of work has been highly commended, not only by staff, but by our clients consistently.

The employees of Senjo Security have always gone above and beyond their expected duties, with one example being their support in cleaning the venue after the Great Lake Relay.

Senjo Security are flexible, professional, with high standards in their presentation, and their relationships with the venue and clientele.

The Great Lake Centre always feels safer when the boys from Senjo are minding the doors!

They come with my warmest recommendation.

Kindest Regards

Katie Bold
